### MEN WHO HELPED MAKE PORTSMOUTH

Brief Sketches of Their Lives, Which Should Be An Inspiration to All; Opportunities In Portsmouth for the Hard-working, Conscientious Young Man Just As Good As Anywhere Else In The World

Though Portsmouth is not his native city, Chas. M. Donaldson's parents adopted the town as their home when their son was but two years old so he has spent practically his entire life here.

Charles M. Donaldson was born in Lancaster, Ohio, May 1, 1892. He attended the public schools in Portsmouth and after leaving the local high school, secured a position with the engineering department of the Whitaker-Glessner Company. However, his interest in architecture convinced him that his real success in life lay in that direction. Accordingly he studied architecture with the International College and with Fred Dobe of Chicago. After completing these courses he took a position as draftsman with Robert E. Dexter, architect, of Dayton. After gaining valuable practical experience in the Dexter office, Mr. Donaldson took a special course in designing at Syracuse University. In 1914 he returned to Portsmouth and took a position with W. A. DeVoss. When Mr. DeVoss went to Columbus as state architect in 1916 Mr. Donaldson became a partner in the business and managed the office during the absence of his partner. During the World War Mr. Donaldson was in the United States Navy and was inspector, assisting in the supervising of construction at the Great Lakes Naval Station, their part covering the expenditure of approximately \$4,000,000. After the war when offered a position in Washington in the government architectural department, Mr. Donaldson preferred to return to Portsmouth and continue his partnership with Mr. DeVoss.

Mr. Donaldson is a member of Trinity Methodist Episcopal church, serving on the official board, a York Rite and Scottish Rite Mason, Yezdigard Grotto, member of the Chamber of Commerce, the Portsmouth Country Club and the Exchange Club. On June 25th, 1919 Mr. Donaldson was married to Miss Marcia Storek. They have one son, James, aged three years. Mr. Donaldson believes that business conditions in Southern Ohio are exceedingly good. Construction work has been advancing rapidly in the last few years and there is a bright

future for such work in this part of the state. Since Mr. Donaldson's association with Mr. DeVoss the partnership has been responsible for the design and erection of 30 school buildings, several churches, ten theatres, numerous residence and office buildings, business and industrial houses and cold storage plants; some of the most familiar ones being the Garfield school, United Brethren church, office buildings of Wheeling Steel Co. and Portsmouth St. R. R. & Light Co., Universal Garage, Portsmouth Auto Supply building, the Scioto County

Children's Home. The partners now have under construction and being planned such well known buildings as the addition to Hempstead hospital, Bragdon store, Bein store, Glockner garage, Streich Apartments, the Mrs. L. D. York and Sommers residences, Daehler Funeral Home, Western Sun Masonic building and schools in Hamersville, South Webster, McDermott, Minford, Nile township, Junior Furnace, Powellsville and Gallia, Ohio, Portsmouth's North Moreland school and the Glenwood High School addition of New Boston.

### SPLIT BETWEEN COOLIDGE AND DAUGHERTY MAY BRING UPSET IN REPUBLICAN RANKS

(BY DAVID LAWRENCE)  
(Copyright, 1924)

WASHINGTON, March 31.—War is on between former Attorney General Harry M. Daugherty and President Coolidge. What it will bring in the way of political effects, what damage it will do inside the Republican party,

what influence it will have on the effort of Congress to say who shall and who shall not be a member of the Executive Cabinet, it may be too early to forecast with exactness, but the retirement of the Attorney General has not been attended with much satisfaction for anybody.

The Democratic National Committee is gratified that Dr. Daugherty is out of the cabinet "upon any pretext whatever," but accuses the President of having acted on the serious charge—not uncommon in politics—that the man from Massachusetts doesn't stick by the regular in his party. Such a movement might, on the one hand, restore certain elements, but it might, on the other hand, win to Mr. Coolidge's side important voters who want him to break the fetters of party.

### Orders Arrest Of Means

NEW YORK, March 31.—(By the Associated Press)—Judge Garvin today ordered a bench warrant issued for the arrest of Gaston B. Means, former agent of the department of justice, who is under indictment for conspiracy to violate the Volstead law and whose trial was to have begun here today.

### Airmen Go On Strike

CROYDEN, ENGLAND, March 31.—(By the Associated Press)—An unprecedented strike was begun here today—a strike of the airmen in the service of the government which carries the British air mail—when the pilots and mechanics connected with long distance flights ceased their work because of a dispute with the new air combine regarding rates of pay.

At present the pilots received 450 pounds to 550 pounds yearly with flying pay of ten shillings hourly, bringing the aggregate pay in some cases to 650 pounds. The new combine, the "Imperial Air Transport Company," which is just taking over the air mail services, proposes to pay 300 pounds yearly to some of the airmen and 200 pounds to others as their regular pay with two pence per mile flying money. The men consider these rates insufficient.

No Ohio Speeches By McAdoo  
CLEVELAND.—No campaign speeches will be delivered in Ohio by William G. McAdoo, candidate for the Democratic nomination for president, unless supporters of former Governor James M. Cox, attack McAdoo in the Democratic primaries, Wilbur D. Wilkin, Ohio manager of McAdoo declares.

## Senator Dill Demands Resignation Of Roosevelt

WASHINGTON, D. C., March 31.—(By the Associated Press)—Demand for the removal from office of Theodore Roosevelt, assistant secretary of the navy was renewed in the senate today by Senator Dill, Democrat, Washington. Recently Mr. Roosevelt was severely criticized before the oil committee by Senator Vaneh, Democrat, Montana, the committee prosecutor and several Democrats have declared on the senate floor that the assistant secretary's close relationship with former Secretary Denby should impel him to follow his chief in retirement.

Declaring the assistant secretary was far more culpable than was his superior, Denby, in the leasing of the oil reserves, the Washington senator introduced a resolution saying it to be the sense of the senate that President Coolidge should call for his resignation. The resolution charges Mr. Roosevelt with having been a director of the Sinclair Oil Company previous to entering the government service and stresses that he ordered machines to remove oil claimants from the Teapot Dome Reserve.

### Fail To Locate Thompson

WASHINGTON, D. C., March 31.—(By the Associated Press)—Failure of subpoenaed servers to locate William Boyce Thompson, former chairman of the Republican National Finance Committee was reported to the senate oil committee today by the senate sergeant-at-arms.

Thompson was among the witnesses listed to appear this week in regard to stories of campaign contributions by oil interests. His home is in New York.

The subpoena for Fred Upham, of Chicago, treasurer of the Republican National Committee may be cancelled. Committee members are disposed to accept his public statement that he has no information on the subjects under investigation. The committee will resume its hearing tomorrow with R. H. Wilson, once candidate for the Democratic nomination for governor of Oklahoma, on the stand. With W. L. Kistler, an oil promoter of Oklahoma, Mr. Kistler is to be questioned regarding the connection prominent oil men had with state and national politics.

## Dr. P. G. Baker, Head of National Anti-Saloon League, Passes Away

WESTERVILLE, O., March 31.—(By the Associated Press)—Arrangements for the funeral of Dr. P. A. Baker, for twenty years superintendent of the National Anti-Saloon League, who died at his home here late yesterday, were being made today.

Dr. Baker's death was due to complications from which he had been suffering for months. Had he lived until April 10, he would have been 66 years old.

Dr. Baker recently announced that April 9, at Indianapolis, he would present his resignation as head of the league board of trustees and it was expected at that meeting his successor would be named.

Five men are being spoken of in connection with the position. They are: Wayne B. Wheeler, of Washington, general counsel and legislative superintendent of the league; Rev. R. N. Hoags, superintendent of the Michigan League; Rev. E. J. Moore, of Westerville, assistant general superintendent; Rev. F. Scott McBride, of Chicago, Illinois superintendent, and Dr. Ernest H. Cherrington, of Westerville, general manager of the league's publishing interests and general secretary of the World League Against Alcoholism.

Dr. Purley Albert Baker, general superintendent of the Anti-Saloon League of America since 1903, began his life's fight against strong drink as soon as he entered the ministry in the churches. It was in 1896, however, that he became associated with the Anti-Saloon League.

His first pastorate was at Jasper, Ohio, and one of the first converts was a saloonkeeper, whom he persuaded to pour his stocks of liquor into the gutter and join the church.

It was during his pastorate of a Columbus church that he yielded to the urgings of Dr. Howard H. Russell and others of the Anti-Saloon League and decided to cast his lot with that organization. He was appointed superintendent of the Cleveland district of the organization in 1898, and the next year was promoted to the state superintendent, with headquarters at Columbus.

In 1903, he was elected general superintendent of the Anti-Saloon League of America, and was re-elected biennially ever since. In 1919, upon the formation of the World League Against Alcoholism, Dr. Baker was made one of its vice presidents.

During his incumbency of the general superintendency, Dr. Baker had personal responsibility for making many important selections in the organization. For a number of years it has been the policy of the Anti-Saloon League to permit the general superintendent to recommend candidates for state superintendents, which recommendations are acted upon by the gov-

## Per Capita Wealth Is \$2,918 Nation's Wealth \$320,803,862,000 Total Wealth Increased 72.2 Pct.

WASHINGTON, D. C., March 31.—(By the Associated Press)—The wealth of the nation is \$320,803,862,000, more than one-half of which is real property and improvements. The per capita wealth is \$2,918. Statistics of the country's wealth as of December 31, 1922, issued today by the census bureau, revealed that the total wealth increased 72.2 per cent and the per capita wealth 49.6 per cent in the ten years from 1912. All classes of property increased in value in the decade except livestock, which decreased 6.9 per cent to \$5,507,104,000. The increases in money value of other classes of property, census bureau officials state, are to a large extent due to the rise in prices in recent years and so far as that is the case, they do not represent corresponding increases in the quantity of wealth.

Taxed real property and improvements increased 6.9 per cent in ten years; exempt real property (exclusive of

national parks and monuments) \$20,505,819,000, an increase of 66.5 per cent; farm implements and machinery, \$2,304,438,000 an increase of 10.4 per cent. Manufacturing machinery, tools and implements \$15,783,200,000, an increase of 150.1 per cent; railroads and their equipment, \$10,650,800,000, an increase of 23.5 per cent; privately owned transportation and transmission enterprises other than railroads, \$11,607,570, an increase of 42.1 per cent; stock of goods, vehicles other than motor furniture and clothing, \$75,083,607,600, an increase of 121.6 per cent and motor vehicles \$4,597,407,000. No comparison is possible for motor vehicles as no separate estimate was made in 1912.

The value of the United States Navy is placed at \$1,455,992,000, an increase of 250.4 per cent; privately owned water works, \$340,885,000, an increase of 34.4 per cent and gold and silver coin and bullion, \$4,278,155,000, an increase of 63.5 per cent.

## Seven Dead From Drinking Canned Heat Charge

TOLEDO, O., March 31.—(By the U. P.)—Seven men are dead here today from drinking "canned heat" and "rubbing alcohol." One man died alone in his room where he was found by the clerk of the "Workmen's" Hotel. Four others were found in other parts of the hotel in a stupor condition. One died on the way to a hospital and another on his arrival there. One man was found dead in a rooming house. There were six men in the party at the hotel.

THE DEAD

## Senator Norbeck Charges Huge Sums Spent By Coolidge Forces In South Dakota Primary

CHICAGO, March 31.—(By the Associated Press)—Charges that "there was much more evidence of lavishness" in the Coolidge primary campaign in South Dakota than was noted in the Wood and Lowden campaigns in that state in 1920, when criticism of the expenses resulted in a senate inquiry into campaign funds were made today in a telegram from Senator Peter Norbeck, a leader in the Johnson campaign. The telegram also charged employ-

Dr. Baker was born in Jackson County, Ohio, April 10, 1858. He grew up on a farm and was educated in the local and normal schools in Jackson and Green counties.

He was a member of a Westerville Masonic Lodge, Ohio Wesleyan conferred the degree of doctor of divinity upon him in 1907.

CHICAGO, March 31.—(By the Associated Press)—Charges that "there was much more evidence of lavishness" in the Coolidge primary campaign in South Dakota than was noted in the Wood and Lowden campaigns in that state in 1920, when criticism of the expenses resulted in a senate inquiry into campaign funds were made today in a telegram from Senator Peter Norbeck, a leader in the Johnson campaign. The telegram also charged employ-

ment of the report on the case made by Post Inspector C. B. Williamson.

Telegrams sent from Washington by R. B. Granger, Republican National Committeeman, from Texas, who has been accused in the senate of being implicated in the alleged "land deals" or by his attorney George Hill, to land companies or persons in Texas, since December 11, also were under subpoena from the U. S. district court, chief of the division of post office inspectors, was ordered to be on hand to resume the witness stand. The committee recessed last week when Chairman Moses left Washington to fill a speaking engagement.

Fire Threatened Village  
MARTINS FERRY, O.—Estimated loss of \$30,000 was caused by fire which for a time threatened to wipe out the village of Blaine, four miles west of Bridgeport. Fire departments from Martins Ferry, Bridgeport and Wheeling, W. Va., were called to battle the flames which were said to have resulted from an explosion caused when a man lit a match to see if he had gasoline in the tank of his automobile.

## Indict Sinclair; Charge Contempt

WASHINGTON, D. C., March 31.—(By the Associated Press)—Harry F. Sinclair, lessee of Teapot Dome, was indicted by a federal grand jury here today on contempt charges growing out of his refusal to testify before the senate oil committee.

The indictment was in ten counts, each referring to a specific question asked the oil operator when he was last before the committee. The grand jurors held that these questions, all of which Sinclair refused to answer were "pertinent to the matters and questions then under inquiry before the said committee."

The action was the first grand jury move to develop from the oil inquiry and expected eventually to result in a supreme court ruling on the broad question of the authority of congress to summon and question witnesses in investigations like those now in progress. This authority, Sinclair has questioned. Sinclair is not now in Washington, but his attorneys have indicated that he probably would come to the capital without compulsion to answer to the charges against him.

## Move To Oust Mellon Is Laid Aside

WASHINGTON, D. C., March 31.—(By the Associated Press)—Faced with a determined opposition from the Republican organization and lacking united support among the Democrats, the resolution to investigate Secretary Mellon was laid aside indefinitely today by the senate.

The attack in the senate on Secretary Mellon, opened Friday, when Senator McCallister, Democrat, Tennessee, introduced a resolution calling for an investigation of Mr. Mellon's legal right to hold office, met resistance today from organization Republicans. Senator Reed, Republican, Pennsylvania, informed the senate that the legal questions raised by the resolution had been considered fully before Mr. Mellon accepted the cabinet post.

Mr. Mellon had been advised of the all statute prohibiting a treasury secretary from engaging in trade or commerce, Senator Reed said, and had endeavored to evade cabinet consultation on the strength of these restrictions. The late Senator Knox, of Pennsylvania, a former attorney general, and secretary of state, was consulted, and the law examined by a firm of Washington lawyers who on January 15, 1921, gave an opinion that there was "nothing in the ownership of stock in various corporations to disqualify Mr. Mellon from holding the office of secretary of the treasury."

This opinion, at the request of Senator Overman, Democrat, North Carolina, was read to the senate.

## COLD SNAP CHECKS SUDDEN SPURT OF OHIO WATERS

By the Associated Press  
Floods in Ohio, Pennsylvania, West Virginia and Maryland have taken a toll of fourteen lives and caused millions of dollars property damage. At East Liverpool, Ohio, the Ohio river inundated the lowlands in five towns suspended operations in five milleries and suspended interurban and street car service. The rise reached a flood crest of 38.7 feet and then began to recede. Central and southeastern Ohio cities and towns reported today all danger from the high water was averted by the sudden drop in temperature over the week end.

The Scioto river here dropped 4 feet from Saturday's mark and Newark and Zanesville reported rivers and streams rapidly reaching normal.

The Ohio river at Bellaire was stationary today at 41 feet. Many houses were inundated at Bellaire. Most of Bellaire's steel mills were idle including the big Carnegie mill. Traction cars north and south were blocked by the high water.

### INDUSTRIES FORCED TO CLOSE AT STUBENVILLE

STUBENVILLE, O., March 31.—Flood waters claimed one life in Jefferson county, the body of Joseph Duvrey, three-year-old son of David Duvrey, Piney Fork, Ohio, being found on the banks of Piney Fork creek, about two miles from his home this morning. The child disappeared yesterday afternoon while watching the flood waters of the creek near his home and it is presumed he fell into the stream while playing on the bank.

Industrial operations were practically at a standstill in this district, all big mills being affected by the high water of the Ohio river, which reached a stage of forty feet this morning and then began to recede.

The Wheeling and Lake Erie Cleveland and Pittsburgh division and Chester Branch of the Pennsylvania system and all interurban lines were tied up by flood waters. Towns of New Cumberland and Wheeling in West Virginia, Toronto and Mingo Junction, in Ohio, suffered the heaviest property loss in this district. In all these communities, scores of families had to flee their homes.

### Fifty Feet Expected At Gallipolis

GALLIPOLIS, O., March 31.—The Ohio river reached flood stage here this morning when the government gauge showed 44.5 feet, a fifty foot stage is expected. Bottom lands and public highways along the river are inundated.

Pittsburgh Streets Under Water  
PITTSBURGH, March 31.—Flood waters of the Monongahela and Allegheny rivers, swollen by rains and melted snows from the mountain regions of Western Pennsylvania and West Virginia, were sweeping westward through the Ohio Valley today. A stage of 41 feet was expected by noon at Wheeling which would submerge the district fronting the river bank.

Streets in most of the Pittsburgh district bordering the rivers were inundated, some to a depth of six or seven feet. Sunday, when both the rivers left their channels. A stage of 29.2 feet, seven feet above the flood stage was recorded, the highest in 11 years. Much damage was done to industrial plants and many operations will be suspended until repairs are made. The flood waters were receding today.

### Senator Smoot Is Sharply Criticized

WASHINGTON, D. C., March 31.—(Special.)—The Democratic National Committee in a statement made public today, sharply criticized the activities of Senator Reed Smoot, Republican, of Utah, in connection with the investigation of the naval oil leases and demanded his resignation from the Public Lands Committee which is conducting the inquiry.

The committee declares that Smoot should follow the example of Lenroot and immediately retire from the committee since he no longer had the confidence of the people of the nation. Senator Lenroot's resignation from the chairmanship of the Senate Com-

mittee investigating the Teapot Dome oil scandal has prompted many persons to inquire why Senator Smoot, also a member, has not taken the same course.

The statement follows:

"It is pointed out that while Senator Lenroot gives impairment of his health as the reason for his relinquishment of the chairmanship, his withdrawal followed the revelation concerning his secret visit, in company with Senator Smoot, to former Secretary Fall while the latter was under subpoena to testify before the committee.

"Twice Senator Smoot's actions have raised an ethical question in connection with his continuance on the committee. It is recalled that on the appearance of Edward L. Doheny before the committee a couple of months ago, Senator Smoot surreptitiously passed

the former a note asking for a private interview. Subsequently, when Senator Walsh (Democrat, Montana) learned of this note and inquired about its contents, Senator Smoot admitted that he wanted to make an engagement with Doheny in order to ask a favor of him.

"Senator Smoot was the chairman of the committee when the Teapot Dome investigation began. At that time he monopolized the investigation and gave newspaper correspondents the impression that it was only a 'teapot' in a teapot. But for the persistence and industry of Senator Walsh the public would never have learned of the corruption that has since been disclosed by the inquiry.

"But Senator Smoot is apparently not impressed by the example of Senator Lenroot."

### Hempstead Hospital Pledges Due

The Fourth Quarterly payment on the Hempstead Hospital Fund subscriptions will be due April 1st. We earnestly urge every one to meet said amount promptly. We ask those who can to pay their subscription in full as the construction work on the new building is moving along faster than expected and the money is needed to meet the

estimates and payment of contractors. We will greatly appreciate your calling at the Security Bank with your payment, or mail check payable to George D. Selby, Treasurer.

The Hempstead Hospital Commission.

Please bring receipt cards with you.

### Brakeman Hurt; Left Leg Amputated

IRONTON, March 31.—J. B. Halbert, 31, son of Judge Halbert of Vanceburg, Ky., a switchman in the C. and O. yards at Russell, Ky., had his left leg so badly mangled when he fell between two cabooses that it was found necessary to amputate the leg at the Marling hospital.

The crew with which Mr. Halbert was working on the third track or turn was switching cabooses in the

west end of the east-bound receiving yard. The victim of the accident attempted to board one of the cabooses as it passed and either lost his footing or failed to grasp the handhold on the car and fell between two cabooses. The wheels caught his left leg just below the knee and practically split it from that point down toward the heel.

### Logan Deputy Sheriff Killed; Gun User Flees

#### Bigelow M. E. Church News

The Woman's Home Missionary Society will meet at the home of Mrs. J. M. Graham, 717 Washington street, Tuesday, April 1, at 2:15 P. M. with group No. 11 in charge. Mrs. A. D. Troxel will preside.

Mrs. E. Dow Bancroft, one of the most effective speakers in the Cincinnati Area will deliver an address in the Bigelow auditorium Wednesday, April 2, at 7 P. M. Mrs. Bancroft is in such demand that he can give but five days to the Portsmouth District. We are fortunate to secure him for one of these dates. This service will take the place of the regular Prayer Service. The Official Board will convene immediately at the close of the address.

Prof. Elmer Ende, well known to

Portsmouth as a musician of real ability, will give a free organ recital in Bigelow Church Thursday, April 3, at 8:15 P. M. The entire program will appear in the paper. A cordial invitation is extended to the public to be present.

Boy Scout Troop No. 12, will meet in the Church Scout Room, Friday, April 4, at 6:30 P. M. Mr. C. S. Baker, Scout Master.

The United Commercial Travelers will be the guests of Bigelow next Sunday, April 6, at 10:30 A. M.

Rev. C. R. Busch, pastor of the Methodist Episcopal Church of Wheelersburg, Ohio, and Dr. W. C. Millikan, pastor of the Methodist Episcopal Church at Jackson, Ohio, delivered two inspiring sermons at Bigelow yesterday.

LOGAN, W. VA., March 31.—H. Chafin, Logan county deputy sheriff, stationed at Mallory, W. Va., was shot and killed Sunday afternoon by a man believed to be Sam Walker, at Veneer, W. Va., near the Logan-Mingo county line.

According to witnesses Chafin had been called to arrest Walker, who was alleged to have been flourishing a gun and threatening several persons. Walker fled into a house at Chafin's approach and fired at the deputy as the latter entered the front door.

Chafin was shot in the back of the head and died instantly, about 4 o'clock this afternoon. It was reported that Hobart Walker, Sam's brother, secured Chafin's gun and the two left together, going up Spice Creek.

Authorities in all nearby towns have been notified to watch for the brothers, and a posse of local men and deputies have started in pursuit of them.

### When Your Skin Is Sallow and Dull

Nature intended that every skin should be attractive. From babyhood to old age she strives to make the outward appearance beautiful. But Nature cannot do the impossible. So long as the skin gets rich red blood it will be attractive. When that blood carries a lot of

heavy foreign matter the skin gets greasy, then sallow, then rough and dry.

Where does this skin poison come from? Why, whenever constipation occurs in the mucous membrane, which lines the body, the whole system is affected. That is what catarrh does for you.

### Could Be Beautiful

Many a woman would be beautiful if she would drive catarrh from her system. Catarrh checks digestion, numbs the liver, prevents the kidneys from throwing off the poisonous matter. Constipation, foul breath, sour stomach—all these things are fatal to beauty. When catarrh is their underlying cause—as it is in most cases—recovery of health and beauty is only possible when that catarrh is gone.

We have literally thousands of letters from grateful men and women

who tell us how they have taken ten years off their age with World's Tonic, how this wonderful medicine has cleared up the whole system, restoring spring to the step, brightness to the eyes and beauty to the skin. They will convince anyone of these two facts. You cannot be attractive with catarrh.

World's Tonic conquers catarrh! Sold at \$1.00 a bottle by Sevier and all other reliable druggists—advertisement.

### Pigg, Wanted in Ashland, Nabbed Here

ASHLAND, KY., March 31.—Mont Pigg, wanted by Ashland police authorities on several charges, including wife desertion and cold checking, was located in Portsmouth by Chief of Police Rome Arthur, and brought to Ashland, by Patrolman Hutchison.

It was said by authorities yesterday morning that warrants have been issued for his arrest since last fall. He is alleged to have sold a mortgaged automobile to someone in Catlettsburg last fall. He is also said to have left

his wife and children last fall, who reside in Ashland, and married an Ashland girl three weeks later at Portsmouth.

Pigg's case of wife desertion was called in police court Saturday afternoon, and he answered ready for trial but had no attorney. His wife did not have all of her witnesses ready and the trial was continued to Monday.

Pigg asked what his bond would be and Judge Salsburg replied "\$2,000." He did not give bond.

### Second Presbyterian Notes

### Inaugural Relays

#### Set For April 19

COLUMBUS, March 31.—More than 500 college and high school athletes, some of them among Olympic team possibilities, are expected to compete in the inaugural of the Ohio relays here April 19, under the auspices of Ohio State University. The meet will be held in the Ohio stadium.

Athletic officials are still trying to line up additional features for the relays, they said today. Efforts are being made to get Charlie Paddock, sprinter, to take part in one event, and hope is still being entertained that Cambridge University, England, may find a way to enter its relay quartet which will compete in the Pennsylvania relays a week later.

The running hop, step and jump has been added to the list of events, which number nearly fifty.

### Damage Slight

The companies from two fire stations suppressed a small blaze of unknown origin, discovered in a rear room of the stage of Arthur Walters at 1713 Sixth street, about 3:30 o'clock Sunday afternoon. The family was absent at the time and timely discovery of the flames by a neighbor who promptly gave the alarm probably saved the home from destruction. Only slight damage was sustained by the fire.

### Generosity of Court Saves Woman's Home

The following from yesterday's Cleveland News-Leader will be of interest here:

"Mrs. Mattie Martins was misty-eyed but happy Friday.

"For her little cottage at 6601 Colgate avenue and its quaint, treasured furnishings had been saved from the auction block, or the wrecking crew through the generosity of Common Pleas Judge James S. Thomas, attorneys and court attaches.

"These men dug deep into their pockets to pay \$100 awarded as damages to Grace

Congregational church which had proved half of the home of Mrs. Martins, due to a defective deed, was standing on property belonging to the church. "The church had previously received the damage demands from \$1,000 to \$160 and bills of various denominations coming from the good court Samaritans did the rest. For Mrs. Martins did not have the \$100."

### Greenup Court Reversed

FRANKFORT, Ky., March 31.—The court of appeals today in the last opinion of the late Judge Harry W. Robinson reversed the Greenup circuit court in the case of the Chesapeake and Ohio railway against the Equitable Trust Company administrator of the estate of Charles Green, in which a verdict of \$25,000 was awarded by the lower court for the death of Green.

### 15 Caught By Police

Fifteen alleged law violators were caught in the police net over the weekend, which is only about half as many as were brought in during the same period a week ago. Of the offenders registered at the police station, seven are charged with "being drunk" while the charges against the others ranged from possession of liquor to fighting. Below is a list of those required to answer "roll call" in Municipal court this afternoon:

Intoxication—Geo. Lewis, George Bradley, Russell Adams, Edward Sully, Edward Curry, Arnold Webb and Bill Bishop.

Possession of Liquor—Geo. Hicks and Robert Hicks.

Disorderly Conduct—Walter Norton and Harry Kenneman.

## Family Aroused By Fire; Forced to Flee In a Hurry; Home Is Soon Wiped Out

Fire, which started from sparks from the chimney falling on the roof at an early hour Monday morning, destroyed the two-story frame dwelling at the Star Yards near Seabrook and owned by the Harrison-Walker Refractories company, and forced the occupants of the house, George Kennard, brickworker, and his two small children and his mother-in-law, Mary Beane to flee, scantily clad, from the burning building out into the chilly night air.

The blaze had gained considerable headway and the entire upper part of the house was in flames when discovered shortly after three o'clock by Mrs. Celia Beane, a neighbor, who promptly aroused the members of the Kennard family, and they hurriedly gathered what articles of wearing apparel they could as they departed and which is all they were able to save of their personal effects and household goods and furniture.

The New Boston fire equipment made the run but owing to some delay in giving the alarm, the house was virtually in ruins when the department reached the scene and little or nothing could be saved. The Gallia street company filled in at New Boston while the village company was at the fire.

Neighbors aided the members of the Kennard family and will care for them until Mr. Kennard is able to re-establish a home. The loss on the house is estimated at \$1,000 and the household goods at \$200.

S.S.S. thoroughly rids the body of Rheumatic Impurities.

The wrong idea about rheumatism for 15 years, I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S. S. S. Say what you will, I never knew such startling results were possible. Well, folks, besides knocking out my rheumatism it gave me back some of the strength I used to have back! I've got a better color in my face, my appetite is dandy. I don't use my crutches any more. I'm walking around straight-up on two young legs! S. S. S. makes people talk about themselves the way it builds up their strength. By building blood-cells it builds nerve strength for young folks who ought to have more, and for older people who have little. It stops pimples, boils, blackheads, eczema, chases away blood impurities. You can always rely on it. Start S. S. S. today for that rheumatism. You'll feel the difference shortly. S. S. ## Kindred Charges Ohio Receives Profit From Ex-Service Men In Asylums, In Speech In House

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—I would like to say a few words about the children and the roller skating. I think there is an ordinance prohibiting skating on the sidewalks and I think this should be enforced before some child is killed or maimed for life. One objection to the roller skating craze is that men who have to sleep in the day time can't do so, for the noise the children make when they are skating. When they come to roll back all night, they are not out to their rest in day time. Then their children come to be killed while skating, they would keep them in their own back yards or on their own sidewalks. Take the vacuum for instance. They will coast down both sides and it is impossible to stop until they go away across the street. The same is true of all the children. They coast right down the hill and onto the street and never look for automobiles or pedestrians. Children on coaster wagons are just as bad, and I appeal to the mothers of these children to keep them near their own homes if they are going to allow them to skate. MRS. S. V.

If the ordinance endorsed by the Woman's Club providing for roller skating is passed, it will solve the roller skating problem and do away with the dangers you mentioned. The zones mapped out are in sections of the city where they won't bother men who have to sleep in the day time. There is no place to coast on any of the blocks specified in the ordinance.

Dear Dolly—I came to Portsmouth from away back in Kentucky and since coming here I have gone crazy about a young man. I went home on a visit and while I was gone he went with my sister. Now Dolly, do you think he likes me or her? He is 20 years of age and is getting half-headed. Dolly, what will make him grow in his sanity? Dolly, since this is leap year would it be all right to pop the question to him? He is from the country and very bashful and I think it would be all right to help him along. Don't you? Dolly, do you think a half-headed man is pretty? I am 17 years of age and real good looking.

MISS X. Y. Z.

Being bashful doesn't mean anything in your young life, even if you were raised in the backwoods. You might as well try to get blood out of a turnip, or to produce a third set of teeth by rubbing salt on the gums, as to try to get hair to grow on a bald head with "hair-restorers." When the hair has fallen out, leaving the surface smooth and bare like

## JACK DAW'S ADVENTURES—THE MAGIC TUBE

In almost no time Jack felt himself dropping through the air. "Better stop down before I come to the ground," he shouted. "For I will hurt my feet when I land." "Don't worry," replied the tube. "I'll land you safe and sound." And Jack then felt the dropping from more slow,

Jack gazed around him, as he realized his hands were getting tired from having on to the tube. He was afraid he might have to let go. But in a few moments the tube started passing over tops on its way to the ground. Then suddenly Jack felt his feet touch the earth again.

**THE PINK LADY**

"How'd do," she said sweetly.

"Come on," cried Mister Fuzz Wuzz to the Twins, "somebody arrived in Doofunny Land yesterday, and I'm going to see who it is. They say it's a lady."

So away went the three of them to call on the new arrival.

She was keeping house in an old cabin back with a huge fat that did nicely for a front door and when the visitors knocked she answered at once.

"How'd do," she said sweetly.

"How do you do yourself," said Mister Fuzz Wuzz hospitably. "Welcome to Doofunny Land! I do hope you will like us."

"I'm sure I shall. It will be a new change," remarked the new lady. "I've been sitting on a mantelpiece for nearly a year, and although the family I lived with were very kind, I did get sick of always sitting in one place and never being moved except to be dusted."

"Did you ever happen to know a man who—" began Nancy, but Mister Fuzz Wuzz stopped her. "Sit! Wait a bit," he whispered.

"Oh, no," smiled the dancer. "Do sit down and I'll begin at once. I was a favor at a birthday party. It was a lovely party—all pink and white—even the white birthday cake was covered with pink candles, and I matched perfectly. I was set at a place as a favor, and right beside me was a nice little man who nodded an nodded at me in such a friendly fashion that I was quite fascinated."

"Why, that was—" began Nick, but Mister Fuzz Wuzz stopped him. "Wait a bit," he said. "Not so fast. Please go on, madam!"

"Well, a dreadful thing happened," sighed the dancer. "A little boy sat down at the place next to mine and

"Oh, oh, oh! Are you alive?" cried the little dancer joyously when she saw him. "I thought the little boy pulled your head off and that you were dead!"

"It was made that way," nodded Nick. "But, darling, and if you will marry me, you can take my head off whenever you like."

"Of course I will," said the little dancer. "I mean marry you."

"Come on," cried Mister Fuzz Wuzz to the Twins, "somebody arrived in Doofunny Land yesterday, and I'm going to see who it is. They say it's a lady."

So away went the three of them to call on the new arrival.

She was keeping house in an old cabin back with a huge fat that did nicely for a front door and when the visitors knocked she answered at once.

"How'd do," she said sweetly.

"How do you do yourself," said Mister Fuzz Wuzz hospitably. "Welcome to Doofunny Land! I do hope you will like us."

"I'm sure I shall. It will be a new change," remarked the new lady. "I've been sitting on a mantelpiece for nearly a year, and although the family I lived with were very kind, I did get sick of always sitting in one place and never being moved except to be dusted."

"Did you ever happen to know a man who—" began Nancy, but Mister Fuzz Wuzz stopped her. "Sit! Wait a bit," he whispered.

"Oh, no," smiled the dancer. "Do sit down and I'll begin at once. I was a favor at a birthday party. It was a lovely party—all pink and white—even the white birthday cake was covered with pink candles, and I matched perfectly. I was set at a place as a favor, and right beside me was a nice little man who nodded an nodded at me in such a friendly fashion that I was quite fascinated."

"Why, that was—" began Nick, but Mister Fuzz Wuzz stopped him. "Wait a bit," he said. "Not so fast. Please go on, madam!"

"Well, a dreadful thing happened," sighed the dancer. "A little boy sat down at the place next to mine and

"Oh, oh, oh! Are you alive?" cried the little dancer joyously when she saw him. "I thought the little boy pulled your head off and that you were dead!"

"It was made that way," nodded Nick. "But, darling, and if you will marry me, you can take my head off whenever you like."

"Of course I will," said the little dancer. "I mean marry you."

**Growth**

TWENTY years ago, the little factory pictured above was founded upon the sound principle that building products conscientiously made, honestly labeled, and fairly priced, would meet with ready acceptance. Millions of careful buyers, recognizing this sound principle have caused the Certain-teed growth from the small beginning to a city of plants producing more than a hundred different products.

Not only do these plants supply the world with finished products of quality, but they also draw upon the entire world for raw materials. Wherever Nature produces them in their finest form; there Certain-teed gathers its supply.

With a corps of efficient workers operating modern machinery, Certain-teed converts these materials into finished products, on the most economical basis.

With one management, one overhead, one sales organization, making and selling a varied line of products, substantial savings are effected, both in manufacture and distribution. You benefit by these savings when you make the Certain-teed Label your guide in buying.

**BUILD TO ENDURE WITH CERTAIN-TEED**

# Portsmouth Captures Third Prize In State Music Memory Contest

Why worry about the jazz tendencies of the rising generation when a team of Portsmouth school children captured the third prize in the state Music Memory contest in which 600 school children participated in Columbus Saturday? The winning team from Portsmouth was made up of Kathryn Kelson, Virginia Tracy, Rosalie Robinson and Marie Arthur (altername), all from the Lincoln School.

There were 150 perfect scores after the first test was completed at 1 p. m. and at 10:30 p. m. there were 20 boys and girls who still made perfect scores, and the Lincoln team was among the 20.

The first prize, a \$250 Victrola, went to the team from Wapakoneta; the second, an \$80 console type phonograph, to the Robinson school at Akron, and the third prize, 10 Columbia records, a set of Ascher orchestra music, and a musical dictionary, to the Lincoln school, Portsmouth. All of these were entered in the contest for elementary schools. Portsmouth also sent an "at large" team made up of Marian Smith, John Stewart, Charles Plinson, all from McKinley, with Ruth Bryan from Mussele school, as alternate.

The Portsmouth team made a perfect score on the first test, perfect on the second test, and a score of 850 on the third and final test; only 9 points less than the team winning second prize.

The first test, on which the local team made a perfect score, contained such selections as 1234, Calvary overture, by Von Suppe; Kammermusik, by Brahms; To Spring, Greig; To a Water Lily, MacDowell; Londonderry Air; Intermezzo Cavallaria Rusticana, Mascagni; Waltz of the Flowers, Tschaiikowsky; Deer Dance, Skilton; Morning from the Peer Gyn Suite, Grieg; Pizzicato from Sylvia Ballet, Debussy; Ash Grove, Welsh Folk Song; Andante Cantabile, Tschaiikowsky; First movement of the Symphony in a minor, Mozart; March of the Cossacks, Rimsky-Korsakov; The Butterfly Girl, How many grown-ups could identify them all?

The Portsmouth team were cheered by Miss Harriett Scott, Miss Elizabeth Rockwell, Miss Margaret Dawson, Miss Mary Grotzinger and Miss Grace Fry, who acted as monitors and markers assisting in the contest which was held under the auspices of the state department of education, with Mrs. Nellie L. Sharpe, superintendent of music, in charge.

The team is open for games with any team in this section. They would like to have a practice game with the Industrial Stars for next Sunday at Millbrook. Other players on the Triangles will be Hoover, Ellessor, Houston, Mank, Cline, Rhoden, Moore, Dials, and McGraw.

# Two Tied For First Honors In The Music Memory Contest

COLUMBUS, O., March 31.—(By the Associated Press)—With Lena Kneale, of Akron, and Dorothy Robinson, of Belpoint, tied for first place for High Schools in the Music Memory Contest conducted here, Saturday. Judges today were endeavoring to solve the problem of how to divide the \$1,800 scholarship to Lake Erie College between the two contestants.

One plan offered was that each of the contestants receive one-half of the award, receiving \$900 and two years in college, but the judges pointed out that before this can be done it will be necessary to communicate with the college authorities to ascertain if they will permit dividing the award.

Due to the controversy over the awarding of this prize and numerous other complications, the 13 judges of the contest did not complete their work until early yesterday morning.

In other sections of the contest there were more than twenty ties, which were decided by lot.

Two hundred and twenty of the 750 entrants, turned in perfect scores.

# OHIO PIONEER DIES

COLUMBUS, O., March 31.—(By the Associated Press)—Mrs. Mary Brooks, 104 North 28th street, died at her home here Saturday morning, March 29, at the age of 92. She was born in Ohio and was the daughter of the first white child born here, died at her home here yesterday. Death was due to complications that set in from a broken hip sustained several months ago. The Hanslin came to Ohio from New Jersey in 1800.

# Two Tragic Deaths

AKRON, O., March 31.—Two tragic deaths included in today's police reports, Francis Leslie, Windsor Hotel, died when his car skidded off the state road near Northampton, early this morning, plunging into a ditch.

Peggy Morris, 28, Akron woman, who was with him, escaped with minor bruises.

Edward L. Atchison, 60-year-old, died of acute nephritis Sunday morning. His body was found on the library steps.

# STAB WOUNDS ARE FATAL TO CARTER CITY MAN

# Mind of Knife Wielder Is Believed Unbalanced

Relatives received word today that Orville Snyder, 72 years of age, had died at the home of relatives at Deep Cut, near Carter City, Ky., as the result of three stab wounds suffered Saturday. Loss of blood is said to have caused death. According to the meagre word received by relatives Mr. Snyder was on the railroad station platform when a man walked up to him and stabbed him three times. The knife user according to information received here, was a man who was mentally unbalanced and who had been back just a short time from a hospital.

Mr. Snyder was a Civil War veteran and a highly respected resident of that community. All his life had been spent there.

Two brothers, Lou and Dave Snyder of School Land Hollow, back of New Boston, have left for Carter county. He leaves four daughters, Mrs. Mary Burton, Mrs. Chantler Parker, Mrs. Linda Oney and Mrs. Sadie Brown of Carter City. His wife died over a year ago.

Jesse Cooper of Twelfth street, near Offshore, Arnold and Albert Burton of 2117 Seventh street, are grandsons and Mrs. Eva Bendinelli of Eleventh street and Mrs. Hazel Sexton, of New Boston, are granddaughters of the knife victim. He also leaves several nieces and nephews here. Mr. Snyder had visited here a number of times.

# Oregon's Compulsory School Law Is Held Unconstitutional

PORTLAND, Ore., Mar. 31.—Oregon's compulsory school law was declared unconstitutional today in an opinion rendered in federal court here.

The opinion was rendered after a hearing by Circuit Judge W. B. Gilbert and District Judges C. E. Wolverton and R. S. Bean.

The law which requires children to appear in school, age to attend a public school, was adopted at a general election in 1922, and was to have become effective September 1, 1923.

Private and parochial schools attacked the law which they said was aimed at them.

# Real Artists at High School Tonight

Tonight, at eight o'clock, another number on the high school lecture course will be offered by Philip Gordon, pianist, and Miss Edna Fox Zirkel, soprano, of Columbus. They will fill the date scheduled for Charey Paddock, who will be unable to appear this season. Mr. Gordon has given a number of recitals in various parts of the country. Miss Zirkel is widely known throughout central Ohio as a talented singer.

# Otha Lewis Is Injured

Otha Lewis, Portsmouth boy, who reports indicate, has won a berth on the pitching staff of the Denver team of the Western league, is on the hospital list at the training camp of the "Bears" in Cleburne, Texas, from an injury which he sustained last Wednesday when his pitching hand was badly split in picking up a hot grounder. The split is between the little and third finger and the injury will probably not be able to get into action again for a couple of weeks as a result of the injury, concerning which a Cleburne paper says: "The worst accident yet in the history of the Bears was the splitting of the hand of pitcher Lewis in yesterday's practice game with the All-Stars, which the Bears won 18 to 7. Lewis was working in the box at the time of the hurt, which was the result of a line drive. It will probably be a few weeks before he can throw a ball."

Writing from the training camp, Otha Lewis says his ill-fortune, but says that he does not think the injury serious. Lewis states that the Minneapolis team will be in Cleburne to stack up against the Denver team in an exhibition game this week and he is looking forward to meeting Earl Smith, Portsmouth outfielder, with the "Minnie" outfit.

# Alleged Forger Nabbed

Green Wolfenberger, 20, was the name given by a young man claiming Flat Hollow, Ky., as his home, when caught in the act of attempting to pass a worthless \$10 check at the Lee Russell restaurant Sunday.

Sergeant C. C. Ziegler, who happened to be in the restaurant at the time, nabbed Wolfenberger after he had tendered the bad check in payment for a meal and according to the officers, the prisoner on being questioned at police headquarters, admitted that he had signed the name of W. M. Bentley, Fire Brick, Ky., man to the bogus check, issued in the name of Fred White.

It later developed that Wolfenberger passed an invalid \$10 check issued in the name of A. T. Harrison at the Joseph Bratman store, Eighth and Chillicothe streets, Saturday night, tendering the check in payment for some purchases and receiving the difference in money.

# Diphtheria Prevention Campaign Planned for Schools

"No child in Ohio need die of diphtheria," is the slogan recently adopted by state and local health departments in Ohio. The development of new methods of prevention has made this slogan possible. Because of the large number of diphtheria deaths and cases in Portsmouth during the last three years an intensive campaign of prevention has been planned by local authorities, including officials of the public and parochial schools, the health department and the medical society. Representatives of these organizations have invited the State Department of Health to conduct a test of the children in the public and parochial schools to determine which children are naturally protected from diphtheria and which are susceptible to the disease. This can be done by means of a simple harmless method known as the Schick test. Those who are not protected from diphtheria will be treated with a fluid which has the property of immunizing or protecting the child. No compulsory will be used in the campaign and the opportunity of protecting their children is offered to parents without expense. The Schick test to determine those who are not protected from diphtheria and the method of protecting them will be explained in the columns of this paper, which will publish articles on this subject daily during this week.

# SOCIETY

Mr. and Mrs. W. M. Dishmond and daughter, Billie Frances, of Kenosha, W. Va., spent the weekend with Mr. and Mrs. Walter Fields, 4130 Walnut street. They are planning to leave soon for California for the benefit of Mr. Dishmond's health.

### Franklin Ave. M. E. Church News

The enrollment campaign which began yesterday and is to close with Easter Sunday, has taken on a very promising beginning. There was a large attendance at all of the services of the day. The program continues with an important meeting of the Sunday School board tonight at 7:30 o'clock.

The meeting tomorrow night at 7:30 will be in the nature of an informal reception tendered to all of the persons who have united with Franklin Avenue church during the past twelve months. After the opening devotional exercises and the roll call of new members, light refreshments will be served by the recreation and social committee. The Sunday School orchestra will furnish the music.

On Thursday evening at 6 o'clock the Ladies' Aid Society will serve a dinner to the members of the official board.

On Friday evening the Bethany Sunday School class with Mrs. W. O. Scott as teacher will banquet the church choir.

At all of these gatherings the campaign work of the church will be the subject of conversation and consideration.

Group prayer meetings will be held in the following homes at 2:30 o'clock p. m.

Tuesday: J. P. Cook, 918 Seventh street.

## River Will Reach 50 Feet Here, Devereaux Says

### Towpath Is Submerged; Prairie Road In Pike Co. Is Also Inundated

#### BULLETIN

A special reading of the Ohio river gauge made by Local River Observer F. B. Winter at one o'clock this afternoon showed a stage of 45 feet at Huntington and near 50 feet at Ashland, Portsmouth and Cincinnati. The increase from 7 a. m. until 1 p. m. was at the rate of 2 1/2 inches per hour.

The Ohio river will rise tonight and Tuesday, becoming about stationary Wednesday or Wednesday night with a crest stage of 48 feet at Huntington and near 50 feet at Ashland, Portsmouth and Cincinnati. Weather Forecaster W. C. Devereaux predicted in a bulletin sent out Monday morning.

The weather man also forecasted fair weather tonight and Tuesday, with freezing temperature tonight.

The Ohio river continued to rise sharply in the Portsmouth district Monday when a stage of 43.8 feet was registered here at 7 o'clock, a rise of about eight feet here since

Sunday when a mark of 36.5 feet was recorded.

The river is rising at all points above and according to Weather Forecaster W. C. Devereaux, of Cincinnati, the crest will not be reached until Wednesday at a stage of 50 feet. River men said Monday that this will cause no material damage in or around Portsmouth. The rate of rise here today was estimated at from 2 to 3 inches an hour.

Towpath Submerged  
Traffic to the West Side was cut off today when the Towpath became submerged. This afternoon, the "T" road leading to the West Side from the city was inundated early Sunday morning, it being submerged at a stage of 37 feet in the Ohio.

The road leading from Lancashire to the West Side is also under water and traffic there is at a stand still.

Stationary At Pikeon  
Word came from Pikeon this afternoon that the Scioto river there had become stationary after having risen four inches from 6 A. M. to 10 o'clock. According to word reaching Pikeon at 10 o'clock this morning the Scioto was falling at Chillicothe this morning. That city was literally inundated Sunday.

The Prairie Road across the bottom near Pikeon was submerged late Saturday night and motorists found the water too deep to drive through, many having had to return to Waverly and many returning to Portsmouth. Several machines stalled in the water and teams had to be used to pull them out. The water rushed across the Prairie Road so rapidly Saturday that it is believed that some damage has been caused to it. It was estimated this morning that the road was submerged to a depth of from 3 to 4 feet. Indications are that it may be opened to travel again some time Tuesday morning as the decline of the Scioto is expected to be sharp once the crest has passed.

Road Is Open  
The road between Portsmouth and Ironton was free of water at all points up to this afternoon and motorists were able to drive to and from Ironton and Portsmouth. Continued rise in the river, however, will cause sections of the road to be submerged.

### Senator

(Continued From Page One)

ment of federal workers in the "elaborate headquarters" of the Coolidge managers. Senator Norbeck, pledged to the Johnson candidacy, was elected as a delegate-at-large in the primary last week.

The telegram challenged the denial of Wm. B. Butler, national director of the Coolidge forces, that excessive amounts were expended in South Dakota. "The statement of the Coolidge management as to their expenses in South Dakota is untrue in many respects," the telegram said. They spent about \$15,000 in advertising alone during only the last week, misrepresenting Hiram Johnson's record. During this period the Johnson committee spent only \$400 for advertising.

"Paid Coolidge organizers were numerous in trains and hotels. Paid workers were much in evidence on the street corners of our villages and towns. 'Checks were sent into the smallest village Coolidge organizations with instructions to draw for more if needed. A daily newspaper was established in the state capital to champion the Coolidge cause."

"Criticism was frequently made of the expenditures of the Wood-Lowden campaign in 1920 and led to investigation by the senate; but there was much more evidence of lavishness in the Coolidge campaign."

I believe the expense would average \$3 for every vote received. Indications are that some larger counties were financed from outside and not from state headquarters. Outside corporations ran thousands of lines of advertising in every paper in the state, for three weeks preceding the election.

"Among Coolidge speakers were members of congress, a member of the cabinet and a former cabinet officer. Neither effort nor expense was spared by the Coolidge managers, but the farmers and working people saved the day. Not only is the Johnson majority substantial, but the Johnson delegation of which I am one, appears on partial returns, to be victorious by a much larger majority."

### Split in Ranks

(Continued From Page One)

There have been rumors for some time that opposition to the nomination of Mr. Coolidge might be led by former Governor Frank O. Lowden, of Illinois. Some of Mr. Daugherty's friends insist the former Attorney-General was a good deal to say about the war the Ohio delegation votes in the next national convention. These may be empty threats, voiced at the moment because feeling runs high. But Harry Daugherty is a factor to be reckoned with in party politics. And he will manage to keep in the limelight for many weeks to come as he makes his defense against what he believes to be unwarranted attack by the Senate investigating Committee. His friends on Capitol Hill will endeavor, for the party's sake, to help his cause. If he succeeds in making a good impression and explaining the many innuendoes which have been broadcast from the Senate investigating Committee, he will strengthen the opinion of those in the Republican party who feel today that Secretary Daugherty also should not have been allowed to retire without a full hearing and that Democratic sniping should not sweep Republican leaders off their feet.

As usual with important decisions, the President has been between two fires. He promised in his recent speech that no man would be sacrificed to clamor and he insists now that he is not prejudicing the issues which have arisen in connection with Mr. Daugherty's fitness for the portfolio of Department of Justice. But the President nevertheless came to the conclusion that the investigation is too much of an embarrassment and that Mr. Daugherty could not defend himself against attacks from the Senate and conduct his office.

The thing which really weakened Mr. Daugherty's position was the widely spread understanding that he would retire soon irrespective of the outcome of the investigation. The move of the Department of Justice is affected when it becomes known that the man at the top is likely to be leaving office any day. The President was apprised of this situation. He acted because the problems were getting more and more complicated for him.

As for a successor, several names are under consideration. One of these is Judge William S. Kenyon of Iowa. He resigned from the U. S. Senate to go on the Federal Bench. He likes the judiciary but that being the case he must like to go to the very top. And there is usually more chance of promotion to the Supreme Court of the United States direct from the Department of Justice than from the District bench.

Mr. Kenyon was the head of the Farm Bloc when in the Senate. The West has confidence in him and it is in the West that Mr. Coolidge needs strength. Further, Judge Kenyon was assistant attorney general in the Taft administration and has a thorough familiarity with the affairs of the Department. He was offered the Secretaryship of the Navy and declined because he didn't think he was fit for the portfolio. The fact that Mr. Coolidge wanted him in the Cabinet is significant. Since that time Judge William of California who, it was thought would be Attorney General, has accepted the Navy portfolio which enables the President to offer the job of Attorney General to Judge Kenyon. It seems the most likely choice at the moment.

### Industries Closed

(Continued From Page One)

Railroad transportation was greatly affected but service was being slowly restored. Tracks of both the Baltimore and Ohio and Pittsburgh and Lake Erie roads were submerged in sections of the city. Eight deaths in Western Pennsylvania were attributed to the flood.

Five others occurred at Kitzmiller, Maryland, when an entire family was swept down the Potomac river.

### Factories May Be Forced To Close

COLUMBUS, O., March 31.—(By the Associated Press)—Thousands of factory workers at Steubenville and East Liverpool today faced temporary unemployment if waters of the Ohio river continued to rise. With a stage of 42 feet predicted for today, practically all big industrial plants in these two cities would be forced to curtail their operations affecting 9,000 men. With the opening of Chester White, eleven, swept into the Muskingum river, at Coshocton, yesterday as he attempted to ride a bicycle over a flooded road, deaths in Ohio due to the flood and storm, mounted to seven. Reports from over Ohio indicated that property damage would run into the thousands of dollars.

The Muskingum river at Defiance, was reported to be rising with eleven feet above normal expected today. Intermittent services between Steubenville and East Liverpool have been suspended by high waters. Rising waters also threaten to cut off traction service between Steubenville and Wheeling, West Va.

The Ohio river at East Liverpool was reported rising at the rate of four-tenths of a foot an hour with a forty foot crest expected today.

Scenes of Families  
Scores of families in the Toronto, Minzo Junctions and Brilliant sections have been forced to vacate the ground floors of their homes by the high water.

The first floors of three cottages at East Liverpool were flooded. Zanesville and Newark reported storms in that vicinity were recording.

Cincinnati reported a river stage of forty feet with a crest of forty-eight feet predicted. Flood stage is 52 feet. High winds and rough seas forced Lake Erie craft to remain in port yesterday and hundreds of dollars of damage was reported to have been done to fishing nets in the lake due to ice flows and wind.

Small streams throughout the state were reported to be rapidly receding. With the drop in temperature yesterday danger of a flood in central Ohio apparently had passed.

### Erecting Monument To Harrison

CINCINNATI, O., March 31.—(By the Associated Press)—Construction of the monument to be erected at the tomb of William Henry Harrison, former president near North Bend, Ohio, under a \$20,000 appropriation by the state legislature, has been begun and probably will be finished within the next sixty or ninety days. Horace H. Bonser, chairman of the committee in charge of the memorial, announced today.

The monument is to be of stone and granite, sixty feet high, erected at the top of the mound over the tomb. The state has completed the work of making the scene a state park by designating a large section of ground in the immediate vicinity for that purpose and preparing it for visitors. This was done four years ago.

### Completing Work On Bonus Bill

WASHINGTON, D. C., March 31.—(By the Associated Press)—The senate finance committee today began the final steps of its work on both the revenue and bonus bills, centering attention on the cost of bonus measure and the amount of revenue the tax bill must raise. Committee leaders plan to get both bills before the senate this week.

Secretary Mellon has been invited to present his views on the estate and gift taxes and other sections of the revenue bill. Mr. Mellon already has told the committee the bill passed by the house would cut revenue by \$400,000,000 next year against a prospective surplus of \$305,000,000 under the law now in effect.

The miscellaneous tax schedules are expected to provide most of the revisions to be made by the committee to offset the estimated deficit.

Lake Navigation To Open  
CLEVELAND, O., March 31.—(By the Associated Press)—Lake passenger navigation between here and Detroit is scheduled to open tomorrow. The steamer Western States will leave Detroit in the morning for Cleveland and return tomorrow night. Thereafter a daily schedule will be in effect.

The steamer Progress opened lake freight navigation last week, since when she has made two round trips to Detroit, returning to Cleveland each time with a cargo of automobiles.

### Three Perish In Blaze

NEGAUNEE, MICH., March 31.—(By the Associated Press)—Three persons were killed when fire, believed caused by a defective chimney, last night, destroyed the Negaunee Hospital. Alex. Martinson, 21, night orderly, gave his life in vainly trying to save Mrs. Richard Sjoland, 45, mother of eight children, and Jack Eddy, 53, pioneer resident of Negaunee.

After arousing Sophia Lukenen, a cook, and enabling her to escape, Martinson and Miss Ingberg, a person, nurse, attempted to rescue three patients in the institution. Miss Impi Laitinen, recently operated on, was brought out safely. Her condition is critical. Firemen later brought out the bodies of Mrs. Sjoland and Eddy. Martinson was found alive but died later. The hospital, a 25 bed institution, was destroyed with a loss estimated at \$35,000. It was owned by Doctors J. H. Anders and Dr. W. H. Sheldon.

### Waverly Waterworks Clerk Short In His Accounts

COLUMBUS, March 31.—Clerk R. W. Schwardt of the Waverly waterworks department during 1922 and 1923, was short \$4,020.48 in his accounts when an examination of the department was made by State Examiner Aaron Moul, according to a report filed in the state bureau of accounting today.

He has paid back \$3,148.33, the report shows, still leaving a shortage of \$872.15.

### Presbyterian Revival Meetings Close

A two week's revival held in the three local Presbyterian churches came to a close with services held Sunday night. Large congregations were in attendance at each church. At Second Presbyterian church where Dr. Francis M. Fox, D. D. of Philadelphia was in charge of the special meeting the sermon topics yesterday were "The Trial of Jesus" and "Broken Things." Special music was rendered by the choir and the Richmondale choir.

Dr. H. A. White of Youngstown, who filled the pulpit at Central Presbyterian church for the past two weeks took for his sermon topics on the closing day "Whom do Ye Say

"That I Am" and "Saying Yes to God." At First Presbyterian Dr. Warren J. Conrad of Williamsport, Pa. had for his subjects "Repairing the Foundations" and "The Doom of Delay."

The out of town ministers and local pastors were more than pleased with the success that attended the special services. The three ministers left for their homes this morning.

### Here Is Way To Reach Chillicothe

T. J. Coo of the Portsmouth Automobile club announced that local persons wanting to go to Chillicothe by auto could get through tomorrow via Jackson and the Richmondale pike. The best route into Stockdale is via Niner Hill to Minford. High water here and at Picketon prevents communication by road to points north of Picketon and Richmondale.

### Gibbons vs. Lee

MEMPHIS, Tenn., March 31.—Tammy Gibbons, of St. Paul, will meet "Sally" Lee, Chicago heavyweight, in an eight-round bout to a decision here tonight.

Another important real estate deal was closed Monday when it was announced that The Atlas Company had purchased the two story brick business block on Chillicothe street near Sox-cum, formerly occupied by the Silver Furniture Company. Possession will be given April 10.

A. Goldstein, of The Atlas Company, stated today that the building was purchased for future use from the owners, Messrs. Joseph, Louis and James Distel.

"We have a two and a half year's lease on our present quarters in the Kresge building and we expect to continue in our present location until our lease expires," Mr. Goldstein said today. He and Henry Atlas form The Atlas Company.

## Believe Huerta Out of Mexico

WASHINGTON, March 31.—The report that Adolfo de la Huerta, the revolutionary leader, had fled from Mexico was reported in today's consular dispatches from progress and state department officials were inclined to believe that the story was true.

CLEVELAND TO RAISE QUOTA  
CLEVELAND, O., March 31.—(By Associated Press)—Cleveland's campaign to raise its quota of \$10,000,000 to feed children of Germany until next harvest, September 1, opened today. Newton D. Baker, who as secretary of war, mobilized the forces that aided to bring Germany to her knees, chairman of the local committee, Cleveland's share is \$150,000.

## OBITUARY

**Louis Heid**  
Louis Heid, aged 58, who had been an honored resident of Portsmouth for many years, passed away at 4:45 Sunday morning, his death taking place at the home of his daughters, Mrs. Rosalie Hoop and Mrs. Beatrice Hoop, of 1401 Twelfth street. His death was caused by complications and followed an extended illness. Mr. Heid in addition to two daughters, had a son, Richard. He also leaves a sister, Mrs. Anna Ames of Havdahl. He was for 22 years employed by the J. I. Marsh Contracting company. Mr. Heid's wife, Mrs. Mollie Heid, passed away 17 years ago. Funeral services will be held from the home at 2 P. M. Tuesday and the graves will be in charge of Rev. W. W. Chase. Interment will be in Glenwald.

**Mrs. Phyllis Williams Debo**  
Mrs. Phyllis Williams Debo passed to the Great Beyond, Saturday morning at 9 o'clock at her home, 732 Ninth street. She has been removed to the home of her sister, Mrs. James McLaughlin, 1915 5th street. She leaves her husband, George Debo, and two children, Bertha and Evelyn Debo, her mother, Mrs. Mollie Williams and four sisters, Mrs. Jona Stuter, Mrs. Florence Webb, Mrs. Evelyn McLaughlin (this city), Mrs. Minna Johnson of one Hill, Ky. and a host of relatives and friends. She was a loving mother and wife and will be sorely missed. Her father, Moses Williams, passed away two years ago and her brother, Rev. James T. Williams, passed away October 12, 1923. Death has invaded this home three times in less than three years.

Big Tournament On at Pinehurst

PINE HURST, N. C., March 31—Ninety-eight professional golfers started today in the twenty-second annual North and South open championship. The field includes most of the stars in American professional golf and is described as the strongest ever made up in this country, except in national events. The play will be 72 holes, medal basis.

House Is Blown Down By Wind

IRONTON, O., March 31—Yesterday was a real March day but the high wind caused no great amount of damage in Ironton. At Polard, Ky., back of Ashland, a two story house was blown over but no one was injured. The house was under construction and, it is said, was mounted on a high foundation. About mid-afternoon, when the wind was at its highest, the whole structure collapsed.

LEGION AMATEUR BOXING SHOW FINALS TONIGHT

The card for tonight's Amateur Boxing Show at the American Legion Hall consists of three semi-final bouts and seven finals, or a total of at least fifty-one rounds of boxing, all for the small sum of fifty cents.

Judging from the favorable comment heard about town from those who were fortunate to brave the elements and witness the prelims Friday night, the hall will be filled to overflowing. Naturally the bouts tonight, with the championships at stake will be of a higher caliber than those of Friday which were of first class, filled with action from start to finish. More leather was pushed in one round than in any six in recent professional exhibitions held in this city.

The committee upon careful investigation has disqualified "Red" Wise, who failed to establish his contention that he was a genuine amateur and have forfeited the bout to Ralph W. Warneck, his opponent in the preliminary round, who will appear on tonight's card.

The card follows:

Warden, 102, vs. Scott, 95, three rounds.

Jordan 126, vs. George, 126, three rounds.

Warneck 128, vs. Petry, 127, three rounds.

Love 125, vs. Hurd 117, six rounds (finals).

Hill 140, vs. Wellman, 144, six rounds (finals).

Bullinger, 147, vs. Gardiner, 153, six rounds (finals).

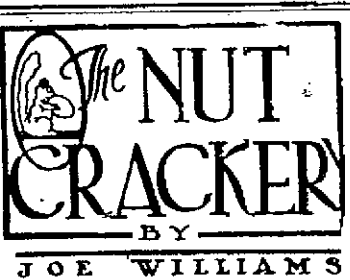

Valodin 107, vs. Barker 116, six rounds (finals).

Wheeler, 101, vs. winner of Ward-en-Scott bout.

Winner Jordan-George vs. War-neck-Petry.

All entrants are requested to report at the hall at six-forty-five. First starts at seven-thirty, doors open at seven, main entrance at Seventh street.

McTigue and Stribling Battle Tonight

TAMPA, Fla., March 31—One-punch O'Goofy was insistent that he must spend his time here with Nick Altrack, noted comic of the Washington team.

"There's a funny bird for you," declares Mr. O'Goofy. "He can give me more laughs than both the Philadelphia teams put together."

Mr. Altrack greeted his old Bourbon companion in his characteristically humorous manner.

"Well, how's tricks?" asked Nick, without even cracking a smile.

Mr. O'Goofy, who is no part of a slow-wit himself, shot back promptly, "You'd be surprised!"

Well, when the laughter finally subsided, the two got down to cases—speaking in a strictly non-alcoholic vein—and began to settle the affairs of the world.

Mr. O'Goofy reminded the waiter that he would have White Rock in his time.

"What do you think of our new manager?" inquired Altrack.

"Harris?"

"I thought he was your veteran manager. He's been with Griff three weeks now, hasn't he?"

Mr. O'Goofy has a delightfully subtle way. We recall that Weber and Fields were somewhat like him.

"Where do you think you'll finish?" resumed Mr. O'Goofy. A vast silence enveloped him and he made it unmistakably plain that this was no place to discuss religious beliefs.

"I hear Walter Johnson is going to quit. Who'll Griff get to take his place?"

"Alexander, Uke Luque, Blinke, Pennock and Konnel," answered the conservative Mr. Altrack.

The strains of an adjacent cabaret orchestra floated in on a warm spring night. A saxophone moaned "Mama Loves Papa."

"Terrible stuff," growled the esthetic Mr. O'Goofy.

"Well, why don't you stick to water then?" demanded the sensible Mr. Altrack.

McGraw After Third Sacker

Now comes the story that Manager McGraw, of the Giants, is looking for a new third sacker as Groh's legs have gone back on him and he has slowed up in general. McGraw would like to have Pinelli of the Reds. So would six other managers in the National.

Refuse To Waive on Pat

Six National league clubs have refused to waive on Outfielder Pat Duncan of the Reds. Evidently there is as much chance of Duncan getting out of the big league as there is of Carpenter whipping Tommy Gibbons.

NEWARK, N. J., March 31—Mike McTigue, of Ireland, lightweight world's champion, and Young Stribling of Macon, Ga., met tonight in a twelve-round no-decision fight.

Stribling has advanced rapidly through six divisions within the last three years and first attracted wide attention in his bout with McTigue, at Columbus, Ga., where the champion alleged, a partisan crowd attempted to intimidate him and the referee. Since that battle Stribling has fought successfully and often, but has never been sensational. He was outpointed in Buffalo, several weeks ago by Jimmy Slattery.

Several hundred Southerners have arrived to give the nineteen-year-old Dixie school boy moral support.

In the Stribling corner will be "Pa" and near the ring-side will sit "Ma" with a kiss for her boy before he enters the ring and advice between the rounds.

In the semi-final bout of ten rounds, Paul Berlenbach, whom knockout career was recently stopped by Jack Delaney, will attempt to come back against Harry Krohn of Akron, Ohio.

Experts have installed McTigue as a favorite to win the title. Stribling must win by a knockout or a foul.

Luque In Form

Adolph Luque has been showing fine form for the Reds this spring and is evidently in for another great season. He no doubt will be Hendrick's choice for the opening game in Redland.

**COLLAR TIERS**  
Collars this season often are composed of many tiers, each one outlined with a different colored binding.

7 Recruits Are Released

NEW YORK, March 31—Manager Duggins of the New York American League Baseball Club, announced the release of seven recruits.

The Yankees lost their farewell at New Orleans yesterday 7 to 5. The Giants and Robins were idle.

Two of the three Metropolitan teams broke camp yesterday and started north. The Giants left Saratoga for Orlando, where they begin an exhibition tour today with the Chicago American League Club. The Yankees land at Mobile to begin a five-game series with Rochester, in that city. Brooklyn met Washington at Tampa today.

Daubert In Shape

Jake Daubert is playing fine ball for the Reds and apparently has recovered his old time speed. He is captain of the team and no doubt will be frequently consulted by Manager Hendricks.

SEVEN TEAMS WILL FIGHT FOR RUNNERUP MONTGOMERY, March 31—

Gonnie Mack concedes the American League pennant to the Yankees.

"I don't see how any team can beat them," admits the leader of the Athletics.

As to the rest of the field the scramble for positions looks like a toss-up to Mack.

"I think our team has a fine chance to finish second," says Connie. "I could say the same thing about the six other clubs, the strength is so evenly distributed."

SPURNS SALARY RAISE, CATCHER WANTS TO WORK

ST. PETERSBURG, FLA., March 31—One of the few members of the seventh place Braves who got a raise this year was Frank Gibson, second string catcher. Gibson didn't catch many games but he did well in those which he did catch, so the management decided to increase his pay.

And then lo and behold! Mr. Gibson returns his contract with the following remarks: "Your money is all right, but what I want is work. Unless I get assurance that I will catch at least half the games this year I won't report."

The assurances not being forthcoming, Mr. Gibson kept his word and refused to report.

Chicken Supper

Tuesday evening, April 1st, the women of the United Brethren church will serve a chicken supper in the church dining rooms. The menu consists of chicken, noodles, mashed potatoes, gravy, creamed peas, lettuce, bread butter, jelly, peaches with whipped cream, and home made cake and coffee.

The hours of serving are 5 to 7 o'clock and everyone attending are assured of prompt service, as the women are equipped to serve several hundred persons at one time.

UNDERSTUDY FOR KELLY

George Kelly, the elongated first sacker of the New York Giants, will have a worthy understudy this year in the person of Terry of Toledo. This fellow Terry is hitting them so hard in spring training that Kelly is already worried.

**ATTENTION TEX RICKARD**

# STOCK MARKET SHOWS EXCELLENT RECOUPERATIVE POWERS

## Brisk Recovery Follows The Early Period Of Irregularity In Prices

NEW YORK, March 31.—Stock prices showed excellent recuperative powers today's first session after an early period of irregularity. Indications that many stocks had been oversold were seen in the brisk recovery which set in later. The closing was firm, sales approximated 700,000 shares.

NEW YORK, March 31.—Stock prices moved within narrow limits at the opening of today's market. Good buying action developed in the rails, leading standing out with a gain of one point. General Electric moved up a point while International

## Period Of Irregularity In Prices

Paper fell back one. Bethlehem Steel and Amoco dropped to new low levels for the year. Reactionary tendencies became more pronounced as trading progressed, additional new low records being established by Topolite, Crucible and Gulf State Steel. A. T. & T. preferred and Reynolds Tobacco "B" Division Chemical, American Hide and Leather preferred, U. S. Industrial Alcohol and Cuyahoga Fruit showed improved strength, gaining a point or more.

Baldwin dropped a point but most of the other standard industrials showed little change.

A brisk recovery set in around the end of the first hour. General Electric moving up 4 points on buying apparently inspired by the excellent 1923 report. Corn Products rallied over 4 points but these two issues forfeited part of their gains on a

waive of profit-taking. Good buying continued, however, in other parts of the list, the steel and motor accessories climbing rapidly on short covering. Gains of 1 to 2 1/2 points were registered by United States, Republic and Crucible, Stromberg Carbolite, Stewart Warner and Fisher Body. American Can and Baldwin also rallied briskly, as did the leather issues. Rails were mixed, Chesapeake and Ohio and Lackawanna being counteracted by the heaviness of Wabash preferred. "B" Union Pacific and St. Louis Southern, Ohio Elevator, and Consolidated Cigar preferred each dropping three points. Call money opened at 5 per cent.

## CLOSING PRICES OF OIL STOCK

COVINTRE, O., March 31.—Citic Service, common 13 3/4; ditto, preferred, 7 3/4; 7 3/4; ditto, 1 1/2. Pure Oil common 23 3/4.

## Nervous Fluctuations On the Corn Market

CHICAGO, March 31.—Nervous fluctuations in the corn market took place today with prices averaging lower during the early trading. The chief factor was uncertainty as to whether or not there would be further development regarding rumors that the market had been manipulated last week. Many traders contended that at least temporary prices had been weakened by general withdrawal of speculators and that numerous orders to buy had been cancelled. The opening which varied from unchanged to 1/2 cent lower with May 7 1/2 to 7 3/4 was followed by a moderate setback all day and then transient upticks which in some cases carried the market above Saturday's finish. The close was firm 3/4 to 1 1/2 net higher, May 7 1/2 to 7 3/4.

Selling on the part of the houses with eastern connections kept the wheat market from rallying much although an upward tendency was noticeable as a result of higher quotations at Liverpool. After opening unchanged to 3/4 advance, May 1.01 to 1.01 1/2, and July 1.02 1/2 to 1.03, wheat held within narrow limits. The close was strong 3/4 to 1 1/2 net higher; May 1.02 1/2 to 1.03 and July 1.03 1/2 to 1.04.

Oats were firmer owing to further delay in seedling. Initial prices were 3/4 to 3/4 net up, May 1 1/2 and there was little if any reaction. Higher quotations in the hog market gave firmness to provisions.

## CHICAGO GRAIN

CHICAGO, March 31.—Wheat: May, 1.02 1/2; July 1.03 1/2; September 1.04 1/2. Corn: May 7 1/2; July 7 3/4; Sept. 7 3/4. Oats: May 67 1/2; July 68 1/2; Sept. 69 1/2. Rye: May 67 1/2; July 68 1/2; Sept. 69 1/2. Barley: May 67 1/2; July 68 1/2; Sept. 69 1/2. Beans: May 67 1/2; July 68 1/2; Sept. 69 1/2. Peas: May 67 1/2; July 68 1/2; Sept. 69 1/2. Cod Liver Oil Now In Tasteless Tablets  
Greatest Flesh Builder

No more will weak, thin, unfortunate children cry in protest when the nasty, fishy-tasting, horrible, stalling cod liver oil is brought out. Medical science progresses rapidly, and now you can get at your drug store a real, genuine cod liver oil in sugar-coated tablets that young and old can take with ease and pleasure. Even the run-down and skinny grownups, who ought to take cod liver oil, because it really is the greatest medicine food and builder of healthy flesh in the world, will feel extremely joyful when they read this welcome news.

Of course, doctors have been prescribing cod liver oil in tablets under another name for several years, but it is only of late that one can walk into a drug store and get a box of these flesh-producing tablets just as easy as a bottle of medicine.

Thin, run-down, anemic men, women and children will want to grow strong and take on flesh as they grow. Get McCoy's Cod Liver Oil Tablets, and if you don't gain 15 pounds in 30 days just get your money back.

One woman gained fifteen pounds in five weeks, according to her own doctor—another ten pounds in three weeks. A very sickly child, aged nine, gained twelve pounds in seven months, and now plays with other children and has a good appetite.

Just ask for McCoy's Cod Liver Oil Tablets. Fisher & Streich's, Wurster Bros. and Cut Rate Drug Store or any good druggist will tell you that they are wonderful flesh and health builders. Only sixty cents for 60 tablets. Get McCoy's, the original and genuine Cod Liver Oil Tablets.

Neck Is Broken  
When bystanders had extricated Mr. Poor they found his neck was broken and that death had been almost instantaneous. The fact that the children were thrown out probably saved their lives.

Mr. Poor had been prominent here for fifteen years in the retail shoe business, being the surviving partner of the firm of Poor and Gray. Besides his daughter he is survived by his parents, Mr. and Mrs. Harrison Poor, and a brother, G. W. Poor, of Rocky Hill, O. His mother is now seriously ill and will not be informed of the tragedy.

**Mrs. Lynn Better**  
Mrs. Susan Lynn of Washington street, who recently fell and suffered a broken hip, is improving, her many friends will be pleased to learn.

**Local Scouts Beaten**  
The Troop 12 Boy Scout five, junior basketball champions of Portsmouth lost 17 to 5 when they clashed with the Indiana Presbyterian church five of Columbus, Friday night.

The Columbus five did not use the same strong lineup that walked away with the locals here a week ago, and the playing time was cut down, making the game a closer and harder fought battle.

**Classes To Meet**  
The Barron and Philanthropic classes of the First Baptist church will hold a union meeting at eight o'clock tonight in the church study.

**Operated Upon**  
Albert Baldridge, Solonville, was removed to Hempstead hospital last night in the Hurlock invalid car and about 10:45 o'clock underwent an operation for appendicitis. He rallied early this morning and today was reported as well as could be expected. Baldridge is employed at the Seib shoe factory.

**Beauty**  
Thousands of residences have been made landmarks of beauty with Barrett Everlastic Single Shingles. The red, green or blue-black mineral surface has a charm that makes any building distinctive. With this mineral surface and the thick "seal-back" of waterproofing compound on the underside, you get fire-resistance and remarkable durability for little money.

# POINCARRE AFFIRMS POLICIES OF OLD REGIME

PARIS, March 31.—(By the Associated Press)—In presenting his new ministry to the chamber of deputies today, Premier Poincarre reaffirmed all the policies of his late government and expressed "firm hope" for rapid liquidation of Germany's reparations.

The chamber gave M. Poincarre a fairly cool reception when he mounted the tribune. A large number of deputies broke into laughter when the minister said none of the men chosen for the new ministry had abandoned any of his opinions.

The Republican policies practiced in the formation of the new cabinet, M. Poincarre declared, had as their object the pursuance of the international policies of the former government and financial policies which had been approved by a majority of the chamber. Regarding the German occupation the premier said:

"France cannot withdraw her troops from the Ruhr except in proportion to payments. She will not exchange positive pledges for uncertain promises, but she has firm hope that after the experts have handed in their report, a general settlement and rapid liquidation of the reparations will become possible. As soon as the work of the experts has terminated, France will be ready to study it and seek with our friends to find the elements of a final solution."

M. Poincarre referred only incidentally to France's war debts, while discussing the financial situation. "We must at all costs keep out of our finances all the germs of inflation," he said. "The time is no more when people can shut themselves up tranquilly at home, draw a pliant budget as they like and disintegrate themselves with their neighbors."

"To day there is no nation which is not exposed to the curiosity of others. If we have debtors, we owe creditors also and until a concerted general settlement is reached we will be obliged to practice attentive reserve."

The chamber received with a great deal of amusement M. Poincarre's allegation that the government adhered to the policy of resisting any and all expenditures which were not authorized by corresponding receipts, this being the point on which his preceding cabinet fell and which was insisted upon particularly by M. Delasteyrie, the finance minister, who was left out of the new cabinet. Successful efforts to stabilize the franc, the premier remarked, would have no efficacy unless this chamber and its successors persevered in an inexorable resolution to balance all budgets.

The passage most applauded was that in which the premier declared that France would not evacuate the Ruhr until Germany undertook regulated reparations payments.

Indications that Premier Poincarre has lost the sympathies of many of the majority which supported his previous government were seen in the chamber. There was lack of warmth with approval only in rare exceptions. Repeatedly the premier was interrupted with

manifestations of mirth, surprise or disappointment as the deputies compared his declarations with the personnel of the cabinet, which includes several opponents of the late ministry.

At the premier's request interpellations on the declaration were postponed pending passage of the emergency appropriations for the coming quarter.

**SOCIETY**

Mrs. Theodore Shumate of Fourth street returned last evening from a three months' visit with her son-in-law and daughter, Mr. and Mrs. H. E. Morelock, of Jacksonville, Fla. Mrs. Shumate went as far as Cincinnati to meet her.

After a delightful stay of two months in Jacksonville, Florida, Captain and Mrs. H. N. Holley of Jacksonville, Fla., are enjoying a sojourn at Asheville, N. C. While in Jacksonville they had the pleasure of meeting several Portsmouth people, among whom were Mr. and Mrs. J. R. Morison of Fullerton, Andrew Thomson and Mr. and Mrs. L. W. Baker.

The regular meeting of Portsmouth Chapter Eastern Stars will be held in their hall in the Masonic Temple on Tuesday evening, April first, at seven o'clock. There will be initiation of candidates and Brother Will Andrews, past great master, will be the guest of honor at the meeting. After the initiatory work there will be an entertainment on the sixth floor. The program will include the following numbers:

Reading—Mrs. George Oakes.  
Vocal Solo—Mrs. C. R. Eberman.  
Piano Duet—Miss Martha Yeager and Miss Lucille Grooms.

Refreshments will be served at the close of the meeting and all members are urged to be present.

The little son recently born to Mr. and Mrs. Joseph J. Schmidt of 1644 Eleventh street, was christened Dually on Sunday afternoon in Holy Redeemer church by Rev. J. E. McGilkrick. Mr. and Mrs. Carl A. Wolfe served as sponsors.

The following from Sunday's Dispatch will be read with interest by the many local friends of the groom: "Mr. George Robert Wilson, a student of Ohio State university and a member of Delta Tau Delta fraternity, son of Mr. and Mrs. A. A. Wilson of 1637 Highland avenue, Portsmouth, Ohio, was married January 2 at Cedar Rapids, Ia., to Miss Jane Skane, daughter of Mr. and Mrs. Francis M. Skane of Waterloo, N. Y. The bride, a sister of Mr. and Mrs. Francis M. Skane, brother of the bride, were witnesses. Mrs. Wilson will come to Ohio early in April to join her husband. She was formerly a student at the Starratt school and later attended the Visitation Convent at St. Paul."

**Condition Is Serious**

James York, seven-year-old son of Mr. and Mrs. Edward P. York, of 1619 Fifth street, is in a serious condition at Hempstead hospital. He entered the hospital Sunday, when Dr. Goodyear, a specialist from Cincinnati, examined him. The lad is suffering with kidney trouble and an abscess of the inner ear that may develop into mastoiditis.

**Tommy On The Job**

Tommy Albrecht, a former policeman, is now at work on the new garage Alex M. Glorion is building at Second and Chillicothe streets.

**Fight Out Bitter Feud**

BOONEVILLE, Ark., March 31.—(By the United Press)—One child was killed and eight members of the Van Allen and McCaslon families were wounded in a renewal of a feud in Lick Creek Valley here. Mr. McCaslon's firing from their house at the Van Allens, barricaded behind a wagon on the roadway, maintained a constant fire until the last member of both families was wounded. The difficulty arose over a trivial matter, a Sam McCaslon, 12, and Robbie Van Allen, 13, quarreled at a school house in the valley when Robbie called Sam's elder sister bad names.

# Idleness Not Conducive To Reform; No Sirree; Pride Loses Roll In Pen

COLUMBUS, O., March 31.—Frederick Pride of Portsmouth, a student at Ohio State university, is today hearing witness to the fact that idleness is not conducive to reform among the convicts at the Ohio penitentiary.

A fire broke out in the idle house and Pride, who followed the speeding apparatus, slipped through the police line in order to get a closer view. When he saw the heavy iron gates ajar he went a little farther and stepped inside the building. A number of convicts were standing about, but Pride was flanked on one side by four policemen and on the other by four deputy sheriffs, so he felt no qualms. Just after he left the building, however, he discovered that \$65 in cash and a gold watch had been removed from his pockets. He now knows why men are sent to the penitentiary.

## Sunday School Race Ends In Tie

The great race which has been going on for the past few weeks between the Philanthropic and Barron classes of the First Baptist church came to a close yesterday. It was a tie, the idleness is not conducive to reform among the convicts at the Ohio penitentiary.

The total number of mileage made by the two classes during the race was 5865 miles.

Pastor J. L. Stewart "Tills" announced that a goal of 500 is to be reached by Easter.

In order that the Barron boys may have room to accommodate the 500, the Philanthropic have kindly consented to exchange rooms with them, thus giving them the church auditorium for a few weeks.

ATLANTIC CITY, N. J., March 31.—Harry M. Daugherty, who has been here on a vacation since he resigned as attorney general expects to leave today for Washington where he says he has "quite a few things to look after."

In a statement last night he asserted that he was still the dependable friend and supporter of President Coolidge and that he had not thought of withdrawing as a candidate for delegate-at-large from Ohio to the Republican National convention. He added that he supposed it was too late to withdraw. He said he was "feeling fine" and that he would take care of himself "until reason is fully restored and time and truth fully vindicate me."

### REST IS RUST

**W**HAT is nobler from the tongue of man than, "Let me die in the harness?" Could the poet better express love of living and love of work, which is life?

Thoughtless youth, which works at its play but has not yet learned how to make play out of work, likes to dream of the age of retirement. It talks of the years of labor between youth and maturity as life's penalty and as years which should be swift in passing.

No man is successful until he has learned to love his work and no man who loves his work could desert it after work and worker have made the climb to the top together. Find the man who is impatient for a time when he can retire to a life of indolence and inaction and you generally find a man who has not succeeded in life.

At the age of 90 years Dr. Charles W. Eliot, president emeritus of Harvard University, refuses to step out of the harness. At the age of 35 he assumed the task of aiding in the education of a few hundred students at Harvard University. Today at 90 he retains a share of the greater responsibility of educating the English speaking world. While lesser men diminish their burdens as the years advance Dr. Eliot augments his.

Thomas Edison, 77 years old, keeps on inventing, spending his days in his private laboratory or his factories, planning new conquests in electricity and boyishly hoping for successes. Henry Ford, past 60, plans greater industrial empires and like Edison is content with one short vacation a year. History is significantly full of poets, writers, painters, sculptors and political leaders who refused to permit anything but death itself to end their worldly work.

There are three classes of workers—those who hate all work, those who have not found their life's work and those who have found their work. Those of the first classification work with retirement as their sole aim. Under the second classification will be found some who will never find their vocation and will retire from work as soon as possible and others who will find their life's work and work at it until the end of life. Under the last classification are none but those who live in their work and will work as long as they live.

For many years it has been the custom of the American farmers to retire into the towns at middle age and financial independence. The result has been that the retiring farmers have not been contented with their inactivity and society has suffered through tenant farming and idle farms. Many question the advisability of commercial and industrial retirement rules which do not recognize willing earning power after the retirement age.

There is an adage which reads: "the man who retires after years of active work only because his fortune will permit will not long enjoy the fortune which permitted him to retire." The adage must be taken for what it is worth, but it contains much food for thought.

### PERSHING IN FRANCE AGAIN

**S**EVEN years ago John J. Pershing was the man of the hour in Europe. He was General Pershing of the American expeditionary forces, honored and worshipped by the allies and feared by the Germans. A dispatch today from Paris finds John J. Pershing still general of the United States army and again in Europe, but in Europe unknown to his former glorifiers. He is gathering material for a book on the World War.

A book on the greatest war the world has ever known written by the commander of the army, which turned the tide of battle and hastened peace, should be of the utmost interest, even though the United States remembers the war only by the presence of its war heroes and war debts. It is hoped that General Pershing in his book may give us some light on these post-war questions—Why started the war? Who won the war? Did the war establish world peace? Did the war save the world for democracy?

Many may regret it that a hero of wartime is so soon passed unnoticed, but there are more who see in that unconcern a promise of world peace, perhaps not in several generations, but sometime. A people which lives and thinks in terms and thoughts of war must have war. Peace-loving nations never go to war and they seek to prevent war coming to them. General Pershing has been a soldier for the greater part of his life. He can not be expected to write of the war from the viewpoint of a citizen but he may write of it from the viewpoint of a soldier who has discovered the utter folly of war.

A Third Avenue 5-cents-a-cue pool-room. Judge at his breed, the East Side has given him a moniker. He is called "Flash Sam Malone." He is able to live and buy gay one-night-up suits by occasional appearances as a "preliminary" at prize fights. The other day he was engaged by a promoter for one of the society boxing matches held in a fine home on Park Avenue. As he was leaving he went to the hostess and said: "Nifty dump, lady, I'll tell the world."

Now that compliment was crude and he doing the lady cringed. Yet to me it has more spontaneity and warmth than the formal and forced "Delightful time."

The society reporter for a New York newspaper told a group of his countrymen recently that to his way of judging there was not a single beautiful girl among this or last season's crop of debutantes. Further reflection prompted him to say that in his many years' study of debbies there had been only ten startling beauties. He insisted he could go into any department store or Fifth Avenue dressmaking parlor and find among salesgirls and mannequins more beautiful girls in two hours than could be found in New York society in a month. It is one of the phases of feminine pulchritude in New York that the young girls who are particularly soothing to the retina are employed. They come from the Bronx, Harlem and Jersey towns.

On the other hand, some of the handsomest chaps in New York are in the Social Register. A dozen or more are veritable Apollos. They show the rigorous effects of outdoor life and athletic training. They are smart dressers and those who know them find them very agreeable companions.

In the social set in which I move the handsomest man is a young man who attends to my wants in a certain cigar store. He is about six weeks ahead on all of the latest styles and he is brimming with wise cracks. He says he has had numerous offers to go in the movies, but he has other ambitions. He wants to be a riding instructor. Giddyap!
